

Sahtas hand-made roof tiles

Roof tiles should be the crowning glory of a property and any building with style deserves a tile that enhances the aesthetics, delivers high performance protection and extends sustainability of the property. Traditional hand-made clay roof tiles from Sahtas exceed these quality expectations and offer even more values.

Sahtas hand-made roof tiles are available in a broad range of beautiful colours and blends, and varied profiles, with the fullest complementary range of ancillary products including ridges, peg tiles, bonnet hips, hanging angles, roof vents - making this one of the most comprehensive hand-made, hi-tech roof tile ranges available. Manufacturing is to ISO quality standards and these exceptional roof tiles have an insurance-backed 30-years guarantee and meet independent CERAM tests to BS EN standards for flexural strength, resistance to frost damage and impermeability to water.

Available exclusively throughout Hampshire from Elliotts. Stock colours at Elliotts Romsey are red, multi and restoration, other colours are available to order.

SAHTAS[®]
Above everything else. Natural and stylish.
