

# ARCHITECTURAL IRONMONGERY

## **T**he Architectural Ironmongery service offered by **Elliotts** includes:

- Free site visit by appointment
- A take off service - send your drawings in and we will send you're a comprehensive quote, setting out ironmongery requirements for every door.
- When your order arrives, your ironmongery will be boxed in door lots, then into house / flat lots and every box is marked with an item list. This service is at no extra cost to you

All branches stock a range of ironmongery, but at Elliotts Fareham there is a specialist section devoted to architectural ironmongery. Products available are outlined over the page.

Architectural Ironmongery

Their impressive repertoire of numerous different brands means they have their finger on the pulse of not only Brass, but every marketplace that matters: commercial specification door hardware (Eurospec), classic black antique hardware (Ludlow Foundries), exquisite hand finished architectural hardware (Delamain), high specification switch plates (Eurolite) and top quality cabinet fittings (FingerTip Design).

While having the same freedom to innovate as any independent brand, each benefits from over two decades of expertise and the bulk buying and manufacturing power of a large firm, which means our customers can buy the hottest new styles without having to pay over the odds.

With over 6,000 product lines to choose from, the group supplies 80 per cent of the UK house builder market and has recently won prestigious contracts further afield.

Ingersoll Rand's Security Technologies sector is a leading global provider of

products and services that make environments safe, secure and productive. The sector's market-leading products include electronic and biometric access control systems; time and attendance and personnel scheduling systems; mechanical locks and portable security, door closers and exit devices, steel doorsets and automated openings, architectural hardware and technologies and services for global security markets.

Assa Abloy is the global leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience. Their brands are as follows:

- YALE, synonymous with nightlatches
- UNION, associated with mortice locks
- CHUBB is recognised for door accessories and window locks

UNION have a brand new range of uniquely designed night latches, combining ergonomic form, texture and colour to facilitate easy access. The products were developed with the support and co-operation of the Walsall Disability Forum. The unique features have been specifically developed to assist in fulfilling duties required under the Disability Discrimination Act (DDA)

# ARCHITECTURAL IRONMONGERY

**Bob Berry** is Elliotts Ironmongery and Hardware Specialist. He has been involved in the hardware / ironmongery industry for 32 years, the past six years of which have been with Elliotts, and his experience encompasses both residential and commercial environments.

Bob is a family man, with a grown up son. He is a great sports fan and is very proactive in the local community being both chairman of Horndean FC and life Vice President of Widbrook Boys FC. Other spare time is spent walking the dog, Patch, who was brought into the home 3 years ago to improve fitness, it's worked as Bob says 'Patch is incredibly fit!'

If you would like Bob's advice, would like to arrange a take off from your plans or would like him to visit you at either your offices or on site, please feel free to give him a call on 07825 596652.
